DOWNING JOINS STAFF OF BETHEL SAVINGS BANK

The trustees of the Bethel Savings Bank announce the appointment of Bruce E. Downing to the staff of the bank with specific assignment as Manager of the Harrison office, scheduled for opening about May 1. Mr. Downing is now at the Bethel home office familiarizing himself with procedures while overseeing the remodeling and redecorating of the Harrison facility located in the large block of the town square adjacent to the town library.

Mr. Downing was born in Gardiner, October 10, 1947, attended Ox-

ford Hills High School and Rollins College in Winter Park, Fla. from which he graduated with honors in Economics in 1970. Following college he served in the U. S. Navy aboard a submarine rescue ship as operations, communications and navigation officer and was discharged in the grade of Lieutenant J. G. Previous work experience includes summer employment as golf counselor at Kamp Kohut, Oxford, and member of a three man construction team for C. B. Cummings and Sons mill operation in Norway.

Mr. Downing lives with his parents at 2 Nevers Avenue, Norway.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The total amount appropriated at town meeting to be raised by taxation was \$2600 less than last year. Although the total expenditures exceeded 1974's the use of Federal Revenue-Sharing Funds and surplus permitted a reduction needed from taxation. We expect the increase in county tax will offset the reduced amount.

If Legislature does not change the school tax we will have a reduction of \$34,000 in our assessment. The outlook at present indicates a \$3.00 per \$1,000 decrease in the tax rate for 1975.

Flood plain insurance and Shoreland Zoning were both approved, also an appropriation was made for Public Officials Liability Insurance. Other than those items the articles acted upon were for the most part, routine business of the town.

The town has hired Maurice Brooks to be dump attendant under the C. E. T. A. program. He will work 40 hours a week. Later, no doubt, we will have to fence the area and permit dumping only during hours he is there. At that time notice will be given what those hours will be.

S. A. D. 44 BOARD POSTPONES ANNUAL DISTRICT MEETING — ORGANIZES FOR YEAR

Taking advantage of a new state law permitting additional delay in scheduling of a school budget meeting, the S. A. D. 44 directors on Monday evening postponed the annual district meeting to Thursday, April 17. It is hoped by the April date that legislation currently before the State Legislature will be acted upon and clarification of state funding for the 1976 fiscal year may be forthcoming.

Earlier in the session at Telstar Regional High School, convened in the Lecture Hall and later shifted to the auditorium because of a large attendance of staff and citizens, newly elected or re-elected board members were sworn in. New members of the board are: Gerald Schachter, Andover; Paul Bodwell, Bethel; Charles Haegle, Newry; Annie Rosenberg of Woodstock. John Gasser of Bethel and Harry Swan, Jr., of Greenwood were re-elected as members as a result of town meeting voting.

Renamed as chairman of the board was John K. Brown of Bethel. Harry Swan, Jr., edged out Mrs. Patricia Hudson of Bethel by one vote and was elected as vice chairman for the ensuing year.

Rodney Abbott of the Telstar English department, speaking on behalf of the Telstar Educators Association, urged the board to take advantage of the state law permitting an additional delay in scheduling annual district meetings, so that the local district might take full advantage of any changes that might be forthcoming by legislative action. He listed many disadvantages and hardships the Association believed would accrue to the district if the staff cuts announced last week were implemented.

Several citizens present advised against hasty budget action and urged that all parties involved seek to work co-operatively toward the best possible results.

Basil Kinney, superintendent of schools, said that it was his belief that any legislation now pending would result in less State money being available to S. A. D. 44. L. D. 526, a proposal now in the legislature implementing the results of a study of L. D. 1994 by a Subsidy Commission, would, if enacted in its present form result in a loss of nearly \$57,000 by S. A. D. 44. To take full advantage of allowances available in this pending legislation, would require an additional local contribution of about \$194,050.

The board chairman appointed Arnold Jordan, Mrs. Patricia Hudson, and M. Parker Allen, chairman, to serve as finance committee for the ensuing year. John Gasser, Mr. Allen, and Harry Swan, Jr., will serve on the board's negotiating team. Other committee assignments are expected to be announced shortly.

The board authorized a note in the amount of \$100,000 from Cas-

FILM TO BE SHOWN AT HISTORICAL SOCIETY MEETING TONIGHT

A film "The Cooper's Craft" will be featured at the monthly meeting of the Bethel Historical Society tonight (Thursday, March 6) at 7:30 p. m. All members and the interested public are cordially urged to attend.

The Society has recently received from Edward H. Hastings of Dorchester, Mass., and a summer resident of Broad Street, Bethel, a letter written in Washington, D. C. by Dr. Moses Mason and completed by his wife, Agnes Straw Mason, to Mr. and Mrs. Stephen A. Russell. The joint letter is dated Feb. 28, 1836. Mr. Russell was Dr. Mason's brother-in-law; his wife was Eunice Mason. Dr. Mason served in the U. S. House of Representatives for two terms (1833-37). Also included in Mr. Hastings' gift are documents dealing with the founding and early finances of Gould Academy. Mr. Hastings is the great grandson of John Hastings the first treasurer of Bethel Academy, later named for Rev. Daniel Gould. The Society is most grateful for this very important contribution to its archival collection.

The public is urged to see the exhibit "The Family Farm" in the lobby of the Bethel Savings Bank open during banking hours. This exhibit is part of the History Outreach Project of the Maine League of Historical Societies and Museums with funding provided by the National Endowment for the Humanities.

ROBERT MONKS TO SPEAK MARCH 9, AT BETHEL

co Bank and Trust Co. with interest at 4.5% for temporary operating money.

All board members were present except Clarence Remington of Bethel.

The next regular board meeting will be held in the Lecture Hall at Telstar Regional High School on Monday evening, March 17, at 7:30.

ANNUAL BETHEL MEETING AND ELECTION HELD MONDAY

With three exceptions the recommendations of the Bethel Budget Committee were followed by local voters in the business portion of the annual town meeting on Monday of this week at the Telstar Auditorium, with Dexter Stowell as moderator.

Local voters provided additional funds to the recreational accounts for baseball (to encompass a softball program) and swimming. An additional \$4,700 for the Fire Department was approved.

In discussion of funds requested for the Miscellaneous Account, it was the apparent feeling of the voters that the town officials should pursue the question of responsibility for a road in East Bethel that has been in contention for some time. The appropriation approved for this account contains \$2,500 for legal fees, most of which reportedly are earmarked for this issue.

The majority of the local voters were in favor of complying with requirements of the National Flood Insurance Act of 1968. Some citizens expressed dissatisfaction with the proposed resolution, feeling it was merely another governmental control over acts of private citizens.

The voters authorized the Selectmen to negotiate a contract with the Oxford County Economic Opportunity Council to renovate and use the West Bethel School as a center for its Head Start Program for 20 years or less.

Authority was granted to the Selectmen and Assessors to enter into the necessary contracts for complete revaluation of property in the town.

The article seeking enactment of a Shoreland Zoning Ordinance was approved. Under current state statute towns are required to enact such ordinances or at some future date the State will take steps to zone such areas.

Permission was granted to sell the Buffalo fire truck, purchased second-hand as an emergency measure 20-odd years ago, funds realized to be used to purchase radio equipment for the fire department.

Withdrawal of funds was authorized from the Street Capital Improvement Fund to be used for hot topping streets, said sum not exceeding \$10,000.

In daytime voting at the Fire Station, Bradley Barker and Arlan Jodrey were re-elected for three year terms on the board of selectmen and assessors. For the selectmen posts, Barker received 191 votes and Jodrey, 202. Other candidates tallied: Ernest Angevine, 145; Peter Haines, 112; John C. Carlson, 87; David C. Crockett, 44; Jeffrey Prest, 42; and William Lynch 40. For Assessor: Barker, 197; Jodrey, 204; Angevine, 148; Haines, 112; Carlson, 85; Crockett, 43; Prest, 43; Lynch, 37.

Stanley R. Howe was elected Selectman-Assessor for two years. For Selectman Howe received 179 votes; Robert L. Blake, 119; Merton T. Brown, Jr., 81; and Dana Bean, 23. For Assessor: Howe, 168; continued on Page Four

Greenwood City

— Mrs. Collette Morgan, Corres. —
It doesn't seem long ago that we were watching golden September and magnificent October with falling leaves and honking geese above. The milkweed flows and thistle down filled the air. But many changes have taken place since then. We have lived with the winter's hush, ice and snow, and now we prepare for spring.

This is the beginning of March and the natural year. It gives us new beginnings although it's wet and cold overhead and still icy or muddy underfoot.

Around me are the wooded hillsides, meadows, ponds, riverbanks and swamps; a typical rural area. I have lived with them for

years and enjoyed discoveries from day to day and year to year so remember them well.

With ice and snow on the swamp there stand the leafless bushes and trees, the graceful curves of the goldenrod and the stiffness of the cattails. The humpy places over various parts are the tussocks. Lacy tracks of field mice out for lunch and aimless tracks of many rabbits are usually everywhere. Now and then one notices the signs of a hungry fox or the mark of an owl's wing where the story of death to an unwary rabbit is written on Winter's white sheet. Reading these tracks is somewhat like reading history. You try to put together which was there first, what was done and why. My detective skills are usually poor.

From high in a birch the chickadees speak to gladden my heart as I sit on an old stump.

The blue jay's squawk is indignant and he wonders if that headed stump was there yesterday. So I travel but in mind only. Soon the tussocks will lift heads above the water and from the mud

will come the Hylas to climb the stems of bushes calling their songs. The ducks will return and after they come, spring is here. It will have a spell or two of cold, but we can't stop the season. I'll get my boat into the water, then go to survey the winter changes up the Sanborn River, thinking about where the fishing will be best. It's fun to think I can "read" the waters as I sit and think and listen and just become a part of the landscape. It won't be long now.

Club Eight met Wednesday afternoon with Fay Holt.

On Monday, Mr. and Mrs. Carl Brooks drove us to Portland where I had an appointment with my

heart surgeon. All reports were good. We also called on Beanie Roberts for a short visit.

Jean Millett and Katherine Hakala brought me a beautiful azalia from my neighbors on Friday. How pretty it is!

Mr. and Mrs. Fred Curtis, Mr. and Mrs. Frank Curtis, local, and Sharon Jordan, Locke Mills, were callers at Clyde Morgan's this week.

At the Hayes Homestead week end callers were Ardell Hayes, Auburn, Duane Hayes and Scot, West Paris.

Rex Felton has returned home from the Stephens' Hospital where he was a patient for a week. Mr. and Mrs. Clyde Morgan

called on Ruth Hastings, South Paris on Tuesday and were in Bethel on Thursday to visit Mr. and Mrs. Ernest Mundt. David Holt was home from Orono to attend town meeting on Saturday and returned on Sunday. PUBLIC NOTICE

VARIANCE REQUEST TO OPEN

BURNING REGULATION

The Department of Environmental Protection has received requests for variance to the Open Burning Regulation, Air Pollution Control Regulation 100.2. This regulation prohibits with certain exceptions, open burning after July 1, 1975. If granted these variance requests would permit the applicant to continue open burning. In that this regulation is included in the State's Air Implementation Plan, it is also a federal regulation and is subject to federal enforcement. The federal Environmental Protection Agency cannot grant variances that extend beyond June 1975, because of provisions in the Clean Air Act of 1970, therefore, the hearing scheduled on these requests is to remove the applicants from the federal enforcement under the State's Implementation Plan.

A Variance request application has been received from: Upton

These request applications along with other background information at the Department offices in the Vickery-Hill Building, Chapel Street, Augusta, Monday-Friday, 8:00 A. M. - 5:00 P. M., and at the Upton Town Office.

Pursuant to the requirements of Maine's Revised Statutes, Title 38, Section 587 and the appropriate federal regulations for modification of Implementation Plans, a public hearing is scheduled for April 29, 1975 at the Upton Municipal Building.

Interested persons are invited to participate.

The child health conference is specifically designed for young well children. Its purpose is to keep well children well and promote their best possible state of health. The Child Health Clinic is the joint responsibility of the Division of Maternal and Child Health, the Division of Public Health Nursing, both under the Bureau of Health, Dept. of Health and Welfare. Since 1935 the Child Health Clinic has been the setting for providing preventive health care. These clinics would not be possible without the cooperation of local community sponsors, citizen volunteers, and private physicians.

The size of the target group of children considered eligible for these services is determined from the vital statistics of the 1970 census. Children from six weeks through 5 years may attend if they are not under the care of a family physician—that is, do they see their family doctor for an annual physical examination.

The Child Health Clinic provides the following services: 1. Height, Weight, blood pressure and urinalysis; 2. Health History is done; 3. Vision testing (3 years and up); 4. Hearing testing (3 years and up); 5. Denver Developmental Screening test (assessment of growth and development); 6. Physical exam by Dr. Young; 7. Immunizations as needed.

Mothers who are interested in having their children attend the Child Health Clinic may call either Maggie Phillipon, 824-2890 or Michelle Roy, 824-2252 if they live in Bethel.

For the outlying areas you may call Kathy Sutton at 1-800-482-0702. If a parent has any question please feel free to call. In order to keep the clinic running smoothly appointments must be given. Because of this, please call prior to coming.

Other volunteers include Carol Bentley, Maureen Swain, Michelle Roy, Cindy Sumner, Mary Lou Fiske, Gwen Stecher, Sue Fiske, Nancy Morrill, Eleanor Jodrey, Betty Ann Hastings, Nellie Frankiewicz.

Spring must have arrived in Gilead. A robin has been seen frequently at the Clifford Cole's feeding station.

Following Mass last Saturday afternoon at Our Lady of the Snows Church a welcoming reception was held for Rev. Donald R. Proulx. Gertrude Friel, Margaret Scoote and Nellie Frankiewicz of the Ladies Guild served on the committee.

## IT'S SYRUP TIME AT SPRUCE MOUNTAIN FOR ALL STUDENTS

It's that magical time of the year when the days are longer and the maple sap begins to flow telling that spring is on its way. The staff of the Spruce Mountain Environmental Education Center invite all students 5th grade and up to participate in the process of making maple syrup, all the way from the tapping of trees to the tasting of the sweet syrup. Normally this process takes two days but you will be doing it in three hours. This is because all the waiting work will already be done just leaving the fun.

This will happen on Saturday,

## ANDOVER RAISES \$40,000 FOR GARAGE IN CLOSE VOTE

By a narrow margin of 23 to 21, residents of Andover voted \$40,000 for a new town garage following much discussion at the annual town meeting held last Saturday at the town hall.

They also authorized the selectmen to take out town notes for the garage with the following as a building committee: Lester Bailey, Howard Marston, William Crooker, Harvey McGuire and Wilbur Chenery.

There was also a long discussion before approval came on care of cemeteries, placing of new street lights, one near the salt shed and the other by the south end of the church, and the tennis court which will be constructed at a cost of \$1,000. Construction will be under the supervision of the recreation committee, Leon Dunn, Leon Akers, John Percival, James Bodwell and George W. Chase; plus the road commissioner.

Residents turned down articles on tree planting, housing for low income families, the Maine Publicity Bureau and the Greater Rumford Chamber of Commerce.

Selectmen were authorized to sell or dispose of real estate and to transfer from excise tax to any accounts necessary and take out any loans necessary. The minimum shoreline zoning ordinance was passed.

Aug. 31 was fixed as the date for taxes due. Deputy Sheriff Asher Rannels was sworn in as dog officer and assumed his duties on Monday, March 3.

The total amount raised this year was \$121,893.50 with \$40,000 of this amount in town notes, \$15,500 taken from Federal Revenue Sharing, \$14,000 from excise tax with \$52,393.50 to be raised by taxation plus the SAD 44 commitment to be decided later. This is about \$15,000 more than last year and it is not expected to affect the rate greatly.

There were only two contested offices in the election and David Hutchins was chosen third selectman, assessor and overseer of the poor, defeating Roger Mills Jr., by a vote of 91 to 71. Gerald Schacter defeated Scott Snyder by a 108 to 44 for a seat on the SAD 44 board of directors.

Elected unopposed were town clerk, Harvey McGuire; treasurer and tax collector, Arthur Myshall; road commissioner, Wilbur Chenery; and fire chief, Roger Mills, Jr. Other officers are: Registrar, Harvey McGuire; first selectman, Harold Falkenham; second selectman, George W. Chase; moderator for the meeting, David Percival.

The selectmen will set the compensation for the road commissioner and other highway employees. It took nearly six hours for the townspeople to decide the 53 articles with a one-hour recess at noon for a luncheon served by the Andover Service Circle women. There were 202 ballots cast at the polls.

A standing ovation was given for retiring Selectman, Charles A. Cutting, who has served 12 years.

## Songo Pond

— Mrs. Ralph Kimball, Corres. —  
With another few inches of fresh snow Saturday and the blustery north wind of the past two days guess we can look forward to March going out like a lamb. Spring in 16 days—so the calendar reminds us.

Friends and relatives here are sorry to hear that Lloyd Graves, older son of Aubrey and Florence Kimball Graves, has been very ill in the St. Mary's Hospital in Lewiston.

Mrs. Elmira Doyen has been suffering with laryngitis this week. Mrs. Marian Lincoln is slowly improving.

Mr. and Mrs. Hugh Awalt of Augusta brought a birthday cake to her sister, Mrs. Connie Hindman Friday evening to help her celebrate her birthday.

Mr. and Mrs. William Bancroft enjoyed a ride to Watford Sunday to call on relatives. It is good to see Bill much improved and able to get out once in a while.

Byron Lapham has traded his small house trailer for a newer model mobile home.

Recent callers of the Howard Lapham's were Mrs. Marion Arsenault and James Lariviere, Miss Bonnie Arsenault and Nathan Weeks of Norway.

Visiting Mrs. Ralph Kimball recently were Mrs. Helen Jewell of Lovell, Mrs. Dorothy Adams and children of Hanover, Mrs. Ethel Bean and Sarah of Otisfield, Mrs. Patty Noll and baby daughter, Mrs. Kimball visited Mrs. Ava Bessey, Tuesday afternoon, the Herb Adams family in Hanover and the Henry Swans, East Bethel.

Electric power was off again here during the noon hour Wednesday.

Enormous strides have been made in communications in recent years, but there's still a lot to be said for the smile.

## Bethel Head Start

Our center has been experiencing a shortage of students over the past couple of weeks, as we're sure other schools are. Flu and colds are quite prevalent. We had a visit from Connie Hindman on Tuesday, Connie, SAD 44 social worker, arranged for our two Telstar girls, Debbie Garey and Sheila Buck to be with us. The children enjoy having them and they are a great help to us staff members also.

Our star of the week for the week before vacation was Shawn Morrill. Shawn lives in Bethel, his mother's name is Gemma, his father's name is Tim, and he has a brother Damon. Shawn's favorites are toy truck, T. V. show Superman, color-blue, and his pet kitty, Patches, and Shawn's favorite food is Bologna.

Last week's star was Lorie Howard. Lorie lives in Albany. Her mother's name is Candy and her father's name is Peter. Lorie's favorites are toy dolly, T. V. show Flinstones, color-orange, food-hot dogs and pets, Miltz, Puppa and Beryl.

Wednesday, Louise took Heidi Westleigh and Lori Howard to Dr. Kern's in Rumford to pick up their new eye-glasses. Once again, thanks to the Lion's Club.

Monday evening, March 10, there will be a special parent meeting at the Center. Denis Corrin, child psychologist from Bryant Pond will be talking on "Coping with a four year old." The public is invited. So anyone interested should feel free to go. Time is 7 o'clock.

The staff would like to thank the townspeople for showing that Bethel really does care for the preschool child. By voting to lease the West Bethel School house you voted to give at least 17 four year olds for the next several years the chance for a head start.

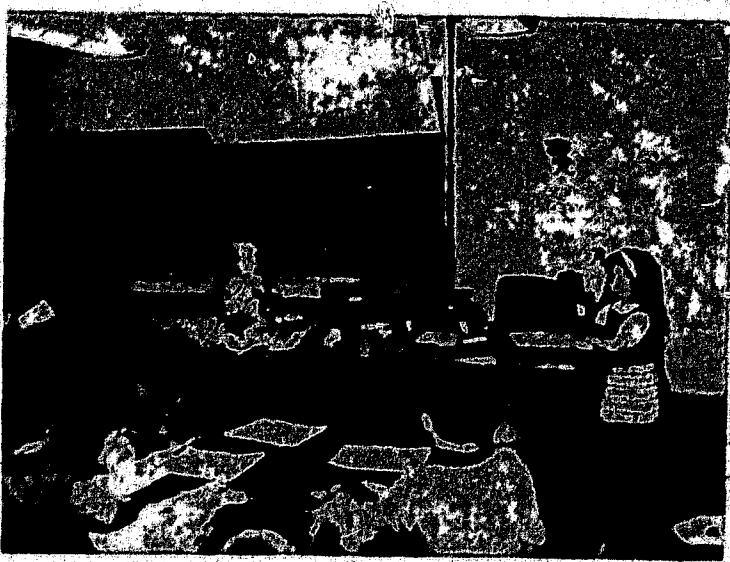

If anyone has any Legg's panty-bone containers please donate them for Head Start children for Easter.

month, Mrs. Joan Parker and Miss Ellen Haverinen of the Woodstock Elementary School in Bryant Pond had a special program, Mrs. Shannon Hinkley, presented a lesson to the children of Grades 1 and 2 on Feb. 28. The boys and girls learned the correct way to brush and care for their teeth. They also learned which foods were do's and don'ts for snacks. A poll showed that of 34 students, nine have never been to the dentist, 25 have been to the dentist, and 18 have fillings.

The children's interest in the demonstration was revealed by a comment from one first grader: "I wish the party could go on longer."

As a follow-up on the lesson, each child received a new toothbrush and a tablet to use in showing plaque. Letters were sent home to the parents with helpful hints on dental care, so the children can continue practicing good dental health habits.

## On the Job

WITH EMILY

Despite a bout with the flu, Rep. Saunders was in Augusta for five days last week, arriving on Monday to attend the first of several weekly sessions with State Treasurer Rodney Scribner on the Governor's 3-volume budget. The meetings are designed to help legislators learn to use the budget, and to extract information from it. Later in the week, freshmen Democrats met with House leadership discussing methods of keeping in touch with constituents. Emily has begun to receive some feedback from District 63 on certain issues, especially from individuals and groups to which she has sent copies of bills in their special areas of concern. Remember that Emily is YOUR representative, and that she and her fellow legislators count on help from constituents in making up their minds before voting. Write or call Emily and let her know how YOU feel about such things as the Maine Milk Commission, spraying for spruce budworm control, LD 1994, the amendment to the Family Planning Services act discussed in this column last week, raising the legal age for the purchase of alcoholic beverages, advertising of drug prices, or whatever is on your mind.

Emily has recently received a good deal of information on the "Bottle Bill"; the proposed legislation to require the sale of soft drinks and beer in returnable and reusable containers. After several years of theoretical debate on the cost of such a system as opposed to the present system of non-returnables and the effect on highway litter, there now seems to be a more factual basis for the discussion. Oregon passed a "Bottle Bill" three years ago and the National Science Foundation recently completed a study of the effects of the bill. A recent issue of the Bangor Daily News summarizes some conclusions from the study; "the beverage industry found the cost of doing business had declined almost \$4 million because of economics associated with refillable containers." "Oregon has experienced a 92% reduction in beverage litter along highways." "that 95% of all returnable containers are being brought back by customers."

Spearheading the drive in Maine for passage of such legislation is the Keep Maine Scenic Committee.

## COMMUNITY HOSPITAL AUX. MEETS MARCH 11

Mrs. William Dunton, newly installed president of the Rumford Community Hospital Auxiliary, will explore "Directions for the Future," at the group's meeting to be held on Tuesday, March 11, in the hospital cafeteria beginning with dessert and coffee at 1:00 p. m.

The budget committee report and review of proposed by-law changes will follow. Chairmen of Auxiliary committees for the ensuing year including the new hospital fair chairman will be announced.

Mrs. Dunton extends a special invitation to all area women, as well as those who worked on past Hospital Fair committees, to attend and discuss the future role of the Auxiliary.

which recently circulated a letter from N. E. Norton, president of Dr. Pepper/Royal Crown, explaining that the cost to the consumer is less with returnables even with handling and treating the bottles before reusing. At the present time in Maine, in the few outlets, where there is a choice of returnables or throw-aways, and where returnables tend to be returned only three times, as opposed to Oregon's ten times, returnables are competitive or cheaper. Opposition to such a law in Maine will come from the retail grocers and their Association. In our local area, Emily has received communication from the Mt. Abram Fish and Game Association, indicating that the organization "vigorously supports the bottle bill, after two years of picking up 2,200 bottles and cans on four miles of area roads." Can we afford, and do we want the results of, a throw away society? What do you think?

## TO THE VOTERS OF BETHEL

I would like to thank the people of Bethel who supported me in the municipal election of March 3 and will try to use what I have learned during my last term to do better by you in the next three years as selectman.

Sincerely,  
Brad Barker

#### COMMENT ON "TRIAL BY JURY"

On Feb. 21 and 22 Gould Academy presented "Trial by Jury," lyrics by W. S. Gilbert and music by Arthur Sullivan. The dramatic opera in One Act takes place in the Court of the Exchequer in the late 19th century and tells the story of a young lady who brings her fiancé to court for Breach of Promise. The play begins with the ushers telling the jury that this trial must be free of bias of any kind. The audience soon discovers that everyone, including the judge, is partial to the Plaintiff.

The trial ends when the judge decides to marry the Plaintiff himself settling the entire case.

All the actors distinguished themselves in their respective roles: Deedee Sullivan as Plaintiff, Doug Little as Defendant, Mike Bramson the Learned Judge and Steve Seamas Counsel for Plaintiff. Although ill afflicted several members of the cast, everyone did his best to make the show an unqualified success. The performance can be credited to their hard work and the outstanding patience of Carol and Frank Fiske who unstintingly devoted their time to help the cast produce a laudable show. — Sara Jalovich

#### GOULD IS STATE CLASS "D" BASKETBALL WINNER — END JONESPORT-BEALS REIGN, 37-56

Dave Robinson of Gould Academy stole the ball from a Jonesport-Beals player, raced down the court and beat the final buzzer with a layup, giving the Huskies a 57-56 victory and the Maine State Class "D" Basketball Championship last Friday evening at the Bangor Auditorium.

Jonesport-Beals was vying for an unprecedented sixth straight "D" crown, and all but had it before Robinson's heroics. The Eastern Maine champs had the ball on their end of the court when Robinson slapped away. Jonesport-Beals Coach Ardie Alley refused to accept the runner-up trophy in post game ceremonies, claiming two injustices on the part of the officials. One was an alleged refusal to grant a time-out when called for before the ball was stolen, and the other a claim that Gould had six men on the floor at one point.

With the score knotted at 23 about midway through the second quarter, Jonesport-Beals grabbed a lead which it didn't relinquish until 1:39 remained to be played. The Huskies tied at 50-all but the Eastern Champs broke ahead again, 54-50. Gould wasn't through, however, and with less than a minute remaining, scored seven points to two for Jonesport-Beals.

Mike Collins and Mark Brewer led a well-balanced Gould attack with 15 points each, followed by the man of the hour, Robinson, who netted 14. For the losers, Brad Woodard threw in 15 points and Dana Purington had 14.
